

## Current Street Cleaning Service in Kings Heath

Baseline Service	Street Cleaning
Team	Place Directorate Darren Share and Louise Bessant, Waste Management
Service Description	Street cleansing, for all highway areas maintainable at public expense by Birmingham City Council within the BID area
Specification	<p>The beat sweeper in Kings Heath uses a manual hand cart, broom, shovel, clappers, scrapper and litter pickers. All litter bins are emptied and swept when required and litter picked up.</p> <p>A scraper is used for under the railings and for removal of weeds in the summer.</p> <p>The ward crew clean scheduled roads sweeping channels and footpaths as required and litter picking were required. The crew empty all litter bins, scheduled roads and pick up any dumped goods. They use brooms, shovels, clappers and litter pickers.</p> <p>In the autumn, the crew use hand held blowers and back pack blowers to help with the removal of leaves. All work is done to a high standard.</p> <p>Graffiti removal is undertaken by Montague Street Depot for the whole City.</p>
Area	The maps show the areas cleaned along with the days on which the crews operate
